NEBRASKA BOARD OF PARDONS AND BOARD OF PAROLE

BACKGROUND

This Agency is comprised of two (2) separate Boards: the Board of Pardons and the Board of Parole. Both Boards are authorized by the Constitution of the State of Nebraska, Article IV, Section 13. The statutes governing these Boards include Neb. Rev. Stat. Sections 83-188 to 83-196 and 83-1, 126 to 83-1, 133.

The Board of Pardons is composed of the Governor, the Attorney General, and the Secretary of State. The Board of Pardons has the authority and duty to:

- 1) Remit fines and forfeitures
- 2) Grant respites, reprieves, pardons, or commutations
- 3) Exercise pardon authority
- 4) Make rules and regulations for its own administration and operation
- 5) Appoint and remove employees
- 6) Consult with the Board of Parole
- 7) Consult with the Department of Motor Vehicles, and
- 8) Exercise powers and duties pursuant to the Nebraska Treatment and Corrections Act.

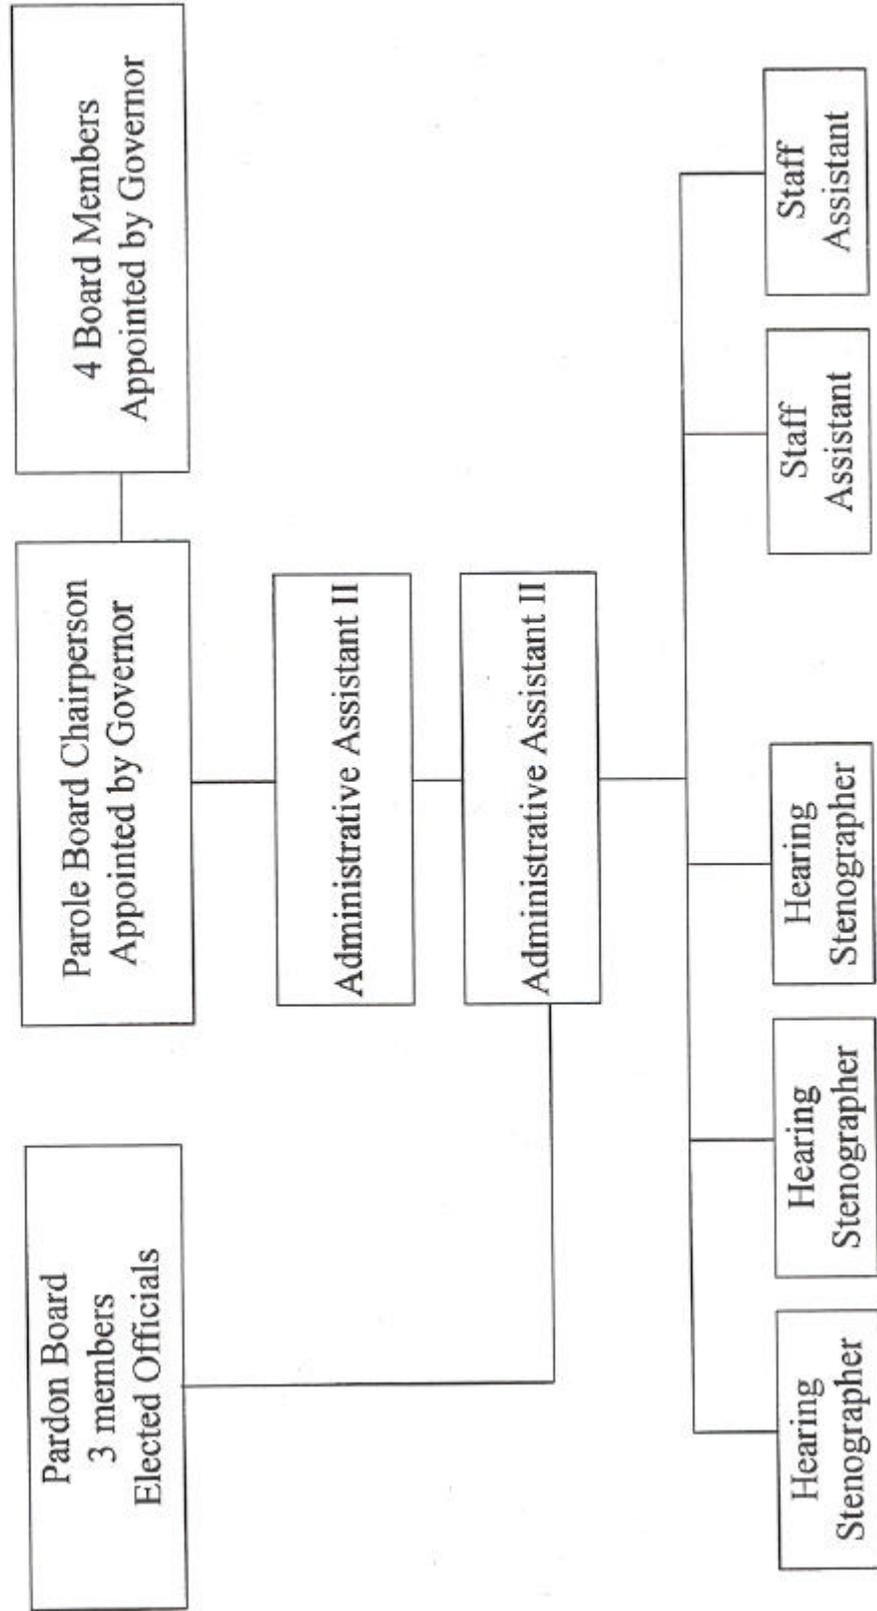

The Board of Parole was created in 1969, and for administrative purposes only was placed within the Board of Pardons. The Board of Parole consists of five full-time members appointed by the governor to six-year terms. The duties and authority of the Board of Parole include:

- 1) Reviewing the status of committed offenders
- 2) Determining when committed offenders are released on parole
- 3) Fixing parole conditions
- 4) Revoking parole
- 5) Issuing warrants to arrest parole violators
- 6) Determining the time of discharge from parole
- 7) Visiting and inspecting state and local prisons or jails
- 8) Recommending parole legislation to the governor
- 9) Advising the Board of Pardons, and
- 10) Making recommendations regarding furloughs and community placements.

MISSION STATEMENT

The Nebraska Board of Parole is an integral part of the criminal justice system. The actions of the Board affect all of society including those who are confined and paroled, victims, and the general public. The Board is dedicated to ensuring public safety by returning qualified offenders into the community through supervised conditional release. It is the agency's objective to provide the offender with a successful transition from confinement to responsible citizenship.

NEBRASKA BOARD OF PARDONS AND BOARD OF PAROLE

INDEPENDENT AUDITORS' REPORT

We have audited the financial statements of the Nebraska Board of Pardons and Board of Parole as of and for the fiscal year ended June 30, 2000, as listed in the Table of Contents. These financial statements are the responsibility of the Boards' management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, these financial statements were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Also as discussed in Note 1, the financial statements present only the Nebraska Board of Pardons and Board of Parole, and are not intended to present fairly the fund balances and the receipts and disbursements of the State of Nebraska in conformity with the cash receipts and disbursements basis of accounting.

In our opinion, the financial statements referred to above present fairly, in all material respects, the fund balances of the Nebraska Board of Pardons and Board of Parole as of June 30, 2000, and the receipts and disbursements for the fiscal year then ended, on the basis of accounting described in Note 1.

In accordance with Government Auditing Standards, we have also issued our report dated September 14, 2000, on our consideration of the Nebraska Board of Pardons and Board of Parole's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. The report on compliance and on internal control over financial reporting is an integral part of a Government Auditing Standards audit and should be considered in conjunction with the report on the financial statements.

The accompanying schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information except for that portion marked "Unaudited," on which we express no opinion, has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

NEBRASKA BOARD OF PARDONS AND BOARD OF PAROLE

NOTES TO FINANCIAL STATEMENTS

For the Fiscal Year Ended June 30, 2000

1. **Summary of Significant Accounting Policies**

The accounting policies of the Nebraska Board of Pardons and Board of Parole are on the basis of accounting as described in the Nebraska Accounting System Manual.

- A. **Reporting Entity.** The Nebraska Board of Pardons and Board of Parole (the Boards) are a State agency established under and governed by the laws of the State of Nebraska. As such, the Boards are exempt from State and Federal income taxes. The financial statements include all funds of the Boards. The Boards have also considered all potential component units for which it is financially accountable, and other organizations which are fiscally dependent on the Boards, or the significance of their relationship with the Boards are such that exclusion would be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the Boards to impose its will on that organization or (2) the potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the Boards.

These financial statements present the Nebraska Board of Pardons and Board of Parole. No component units were identified. The Nebraska Board of Pardons and Board of Parole are part of the primary government for the State of Nebraska's reporting entity.

- B. **Basis of Accounting.** The accounting records of the Boards are maintained and the Boards' financial statements were prepared on the basis of cash receipts and disbursements. Under this method, revenues are recognized when received and expenditures are recognized when paid. This presentation differs from governmental generally accepted accounting principles (GAAP) which requires the use of the modified accrual basis for governmental fund types. Under the modified accrual basis of accounting, revenues are recognized when they are considered susceptible to accrual and expenditures are recognized when the liability is incurred.

- C. **Fund Accounting.** The accounts and records of the Boards are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a self-balancing set of accounts which record receipts, disbursements, and the fund balance. The fixed asset account group is a financial reporting device designed to provide accountability over fixed assets. The fund types and account group presented on the financial statements are those required by GAAP and include:

NOTES TO FINANCIAL STATEMENTS

(Continued)

1. Summary of Significant Accounting Policies (Continued)

General Fund. Reflects transactions related to resources received and used for those general operating services traditionally provided by state government which are not accounted for in any other fund.

Special Revenue Funds. Reflect transactions related to resources received and used for restricted or specific purposes.

General Fixed Assets Account Group. Used to account for general fixed assets of the Boards.

This fund type classification differs from the budgetary fund types used by the Nebraska Accounting System.

The fund types established by the Nebraska Accounting System that are used by the Boards are:

1000 - General Fund - accounts for all financial resources not required to be accounted for in another fund.

4000 - Federal Funds - account for all federal grants and contracts received by the State.

D. Budgetary Process. The State's biennial budget cycle ends on June 30 of the odd-numbered years. By September 15, prior to a biennium, the Boards and all other State agencies must submit their budget request for the biennium beginning the following July 1. The requests are submitted on forms that show estimated funding requirements by programs, sub-programs, and activities. The Executive Branch reviews the requests, establishes priorities, and balances the budget within the estimated resources available during the upcoming biennium. The Governor's budget bill is submitted to the Legislature in January. The Legislature considers revisions to the bill and submits the revised appropriation bill to the Governor for signature. The Governor can either: a) approve the appropriation bill in its entirety, b) veto the bill, or c) line item veto certain sections of the bill. Any vetoed bill or line item can be overridden by a three-fifths majority of the Legislature.

The appropriations that are approved will generally set spending limits for a particular program within the agency. Within the agency/program, the Legislature may provide funding from one to five budgetary fund types. Thus, the legal level of control is fund type within program within agency. The central accounting

NEBRASKA BOARD OF PARDONS AND BOARD OF PAROLE

NOTES TO FINANCIAL STATEMENTS

(Continued)

1. Summary of Significant Accounting Policies (Continued)

system maintains this control. A separate publication titled "Annual Budgetary Report" shows the detail of this legal level of control. This publication is available from the Department of Administrative Services Accounting Division.

Appropriations are usually made for each year of the biennium with unexpended balances being reappropriated at the end of the first year of the biennium. For most appropriations, balances lapse at the end of the biennium.

All State budgetary disbursements for the general and federal fund types are made pursuant to the appropriations that may be amended by the Legislature, upon approval by the Governor. State agencies may reallocate the appropriations between major object of expenditure accounts except that the Legislature's approval is required to exceed the personal service limitations contained in the appropriations bill. Increases in total general fund appropriations must also be approved by the Legislature as a deficit appropriations bill. Appropriations for programs funded in whole or in part from federal funds may be increased to the extent that receipts of federal funds exceed the original budget estimate.

The Boards utilize encumbrance accounting to account for purchase orders, contracts, and other disbursement commitments. However, State law does not require that all encumbrances be recorded in the State's centralized accounting system and as a result, the encumbrances that were recorded in the accounting system have not been included in the accompanying financial statements except for the impact as described below.

Under State budgetary procedures, appropriation balances related to outstanding encumbrances at the end of the biennium are lapsed and reappropriated in the first year of the next biennium. The effect of the Boards' current procedure is to include in the budget columns, Total Disbursements line, of the Statement of Receipts, Disbursements, and Changes in Fund Balances - Budget and Actual the current year's appropriations plus the amounts reappropriated for encumbrances outstanding at the end of the prior biennium. This procedure indicates the Boards' intention to honor the encumbrances at the end of a biennium. The disbursements columns of the Statement include cash payments related to the appropriated and reappropriated amounts. For the year ended June 30, 2000, there were no budgetary funds in which disbursements exceeded appropriations.

Receipts are not budgeted and therefore there are no budgeted amounts shown on the Budget and Actual Statement.

NOTES TO FINANCIAL STATEMENTS

(Continued)

1. Summary of Significant Accounting Policies (Continued)

There is no difference between the fund balance of the Budgetary Statement and the Financial Statement. The federal fund on the Budgetary Statement is appropriately classified as a special revenue fund for Financial Statement purpose.

- E. Fixed Assets.** General fixed assets are not capitalized in the funds used to acquire or construct them. Instead, capital acquisitions are reflected as disbursements in governmental funds and the related assets are reported in the general fixed assets account group. All purchased fixed assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exist. Donated fixed assets are valued at their estimated fair market value on the date received. Assets on hand as of June 30, 2000, have been recorded at cost by the Boards. Generally, equipment which has a cost in excess of \$300 at the date of acquisition and has an expected useful life of two or more years is capitalized.

Assets in the general fixed assets account group are not depreciated. Fixed assets do not include infrastructure such as roads and bridges, as these assets are immovable and of value only to the government. The cost of normal maintenance and repairs that does not add to the value of the asset or extend asset life is not capitalized.

- F. Cash in State Treasury.** Cash in the State Treasury represents the cash balance of a fund as reflected on the Nebraska Accounting System. Investment of all available cash is made by the State Investment Officer on a daily basis based on total bank balances. Investment income is distributed based on the average daily book cash balance of funds designated for investment. Determination of whether or not a fund is considered designated for investment is done on an individual fund basis. All of the funds of the Boards, except for the federal fund 4151, were designated for investment during fiscal year 2000.

- G. Inventories.** Disbursements for items of an inventory nature are considered expended at the time of purchase rather than at the time of consumption.

- H. Compensated Absences.** All permanent employees working for the Boards earn sick and annual leave and are allowed to accumulate compensatory leave rather than being paid overtime. Temporary and intermittent employees and Board and Commission members are not eligible for paid leave. Under GAAP the vested portion of the employee's compensated absences is recorded in the Long Term Debt Account Group for governmental funds. Under the 'receipts and

NOTES TO FINANCIAL STATEMENTS

(Continued)

1. Summary of Significant Accounting Policies (Continued)

disbursements basis of accounting' the balances which would be reported in the Long Term Debt Account Group are not reported as they do not represent balances arising from Cash Transactions.

I. Receipts. The major account titles and descriptions as established by the Nebraska Accounting System that are used by the Boards are:

Appropriations. Appropriations are granted by the Legislature to make disbursements and to incur obligations. The amount of appropriations reported as receipts is the amount spent.

Intergovernmental. Receipts from other governments in the form of grants, entitlements, shared revenues, payments in lieu of taxes, or reimbursements.

Sales and Charges. Income derived from sales of merchandise and commodities, compensation for services rendered, and charges for various licenses, permits, and fees. For the Boards, this consisted primarily of sales of audiotapes and transcriptions for parole hearings.

J. Disbursements. The major account titles and descriptions as established by the Nebraska Accounting System that are used by the Boards are:

Personal Services. Salaries, wages, and related employee benefits provided for all persons employed by a government.

Operating. Disbursements directly related to a program's primary service activities.

Travel. All travel disbursements for any state officer, employee, or member of any commission, council, committee, or board of the State.

K. Fund Balance Reservations. Reservations of fund balance are established to identify the existence of assets that have been legally segregated for specific purposes. Reservations of fund balance are also established for assets which are not current in nature, such as postage.

NEBRASKA BOARD OF PARDONS AND BOARD OF PAROLE

NOTES TO FINANCIAL STATEMENTS

(Continued)

2. Totals

The Totals "Memorandum Only" column represents an aggregation of individual account balances. The column is presented for overview informational purposes and does not present consolidated financial information since interfund balances and transactions have not been eliminated.

3. Contingencies and Commitments

Risk Management. The Boards are exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; natural disasters; and health care insurance. The Boards, as part of the primary government for the State, participate in the State's risk management program. The Nebraska Department of Administrative Services (DAS) Division of Risk Management is responsible for maintaining the insurance and self-insurance programs for the State. The State generally self-insures for general liability and workers compensation. The State has chosen to purchase insurance for:

1. Motor vehicle liability which is insured for the first \$5 million of exposure per accident. Insurance is also purchased for medical payments, physical damage and uninsured and underinsured motorists with various limits and deductibles.
2. Health care insurance for employees selecting certain coverage options. All health care insurance was purchased.
3. Crime coverage with a limit of \$1 million for each loss with a \$10,000 retention per incident.
4. Real and personal property on a blanket basis for losses up to \$250,000,000 with a self-insured retention of \$100,000 per loss occurrence. The perils of Flood and Earthquake are covered up to \$9,000,000. Newly acquired properties are only covered up to \$1,000,000 for 60 days or until the value of the property is reported to the insurance company.

No settlements exceeded commercial insurance coverage in any of the past three fiscal years. Health care insurance is funded in the Risk Management Internal Service Fund through a combination of employee and State contributions. Worker's compensation is also funded in the Risk Management Internal Service Fund through assessments on each agency based on total agency payroll and past experience. Tort claims, theft of, damage to, and destruction of assets; errors and omissions; and natural disasters would be funded through the State General Fund or by individual agency assessments as directed by the

NEBRASKA BOARD OF PARDONS AND BOARD OF PAROLE

NOTES TO FINANCIAL STATEMENTS

(Continued)

3. **Contingencies and Commitments (Concluded)**

Legislature, unless covered by purchased insurance. No amounts for estimated claims have been reported in the Nebraska Board of Pardons and Board of Parole's financial statements.

Litigation. The potential amount of liability involved in litigation pending against the Boards, if any, could not be determined at this time. However, it is the Boards' opinion that final settlement of those matters should not have an adverse effect on the Boards' ability to administer current programs. Any judgement against the Boards would have to be processed through the State Claims Board and be approved by the Legislature.

4. **State Employees Retirement Plan (Plan)**

The Plan is a single-employer defined contribution plan administered by the Public Employees Retirement Board in accordance with the provisions of the State Employees Retirement Act and may be amended through legislative action. In the defined contribution plan, retirement benefits depend on total contributions, investment earnings, and the investment options selected. Membership in the Plan is required of all permanent full-time employees on reaching the age of thirty and completion of twenty-four months of continuous service and voluntary participation is permitted for all permanent full-time or part-time employees upon reaching age twenty and twelve months of service within a five-year period, except any individual appointed by the Governor may elect not to become a member of the Plan.

Employees contribute 4.33% of their monthly compensation until such time as they have paid during any calendar year a total of eight hundred sixty four dollars, after which time they shall pay a sum equal to 4.8% of their monthly compensation for the remainder of such calendar year. The Boards matches the employee's contribution at a rate of 156% of the employee's contribution.

The employee's account is fully vested. The employer's account is vested 100% after five years participation in the plan or at retirement.

For the Fiscal Year Ended June 30, 2000, employees contributed \$18,690 and the Boards contributed \$29,157.

NEBRASKA BOARD OF PARDONS AND BOARD OF PAROLE

NOTES TO FINANCIAL STATEMENTS

(Continued)

5. Fixed Assets

The following is a summary of changes in the general fixed assets account group during the fiscal year:

| | Balance July 1, 1999 | Additions | Retirements | Balance June 30, 2000 |
|-----------|-------------------------|-----------|-------------|--------------------------|
| Equipment | \$ 45,823 | \$ - | \$ - | \$ 45,823 |

6. Full Accountability of the General Fund

Only the cash transactions are reported on the financial statements for this fund. They do not show appropriations. To show the full accountability over this fund the following schedule reflects appropriations. Appropriations do not represent cash transactions.

| General Fund | |
|---|------------|
| Beginning (Reappropriated) Balance July 1, 1999 | \$ 106,518 |
| New Appropriations | 602,687 |
| Total Appropriations | 709,205 |
| Disbursements | (543,271) |
| Ending (Appropriations) Balance June 30, 2000 | \$ 165,934 |

7. Underbudgeted

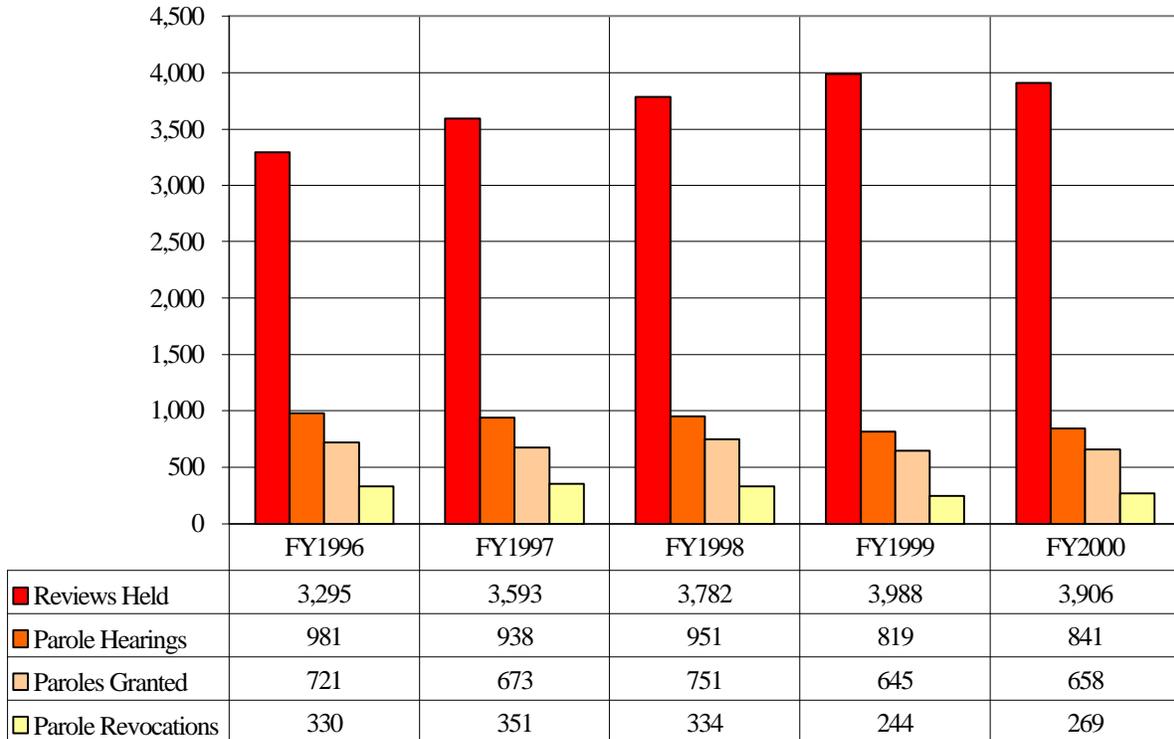

Budgeted expenditures on the Statement of Receipts, Disbursements, and Changes in Fund Balance - Budget and Actual are amounts reflected in the Boards' Budget Status Report for fiscal year 2000. The difference between the legislative appropriation is based on anticipated appropriation needs two years in advance while budgeted expenditures on the Budget Status Report are based on more current information available to management.

8. Administration

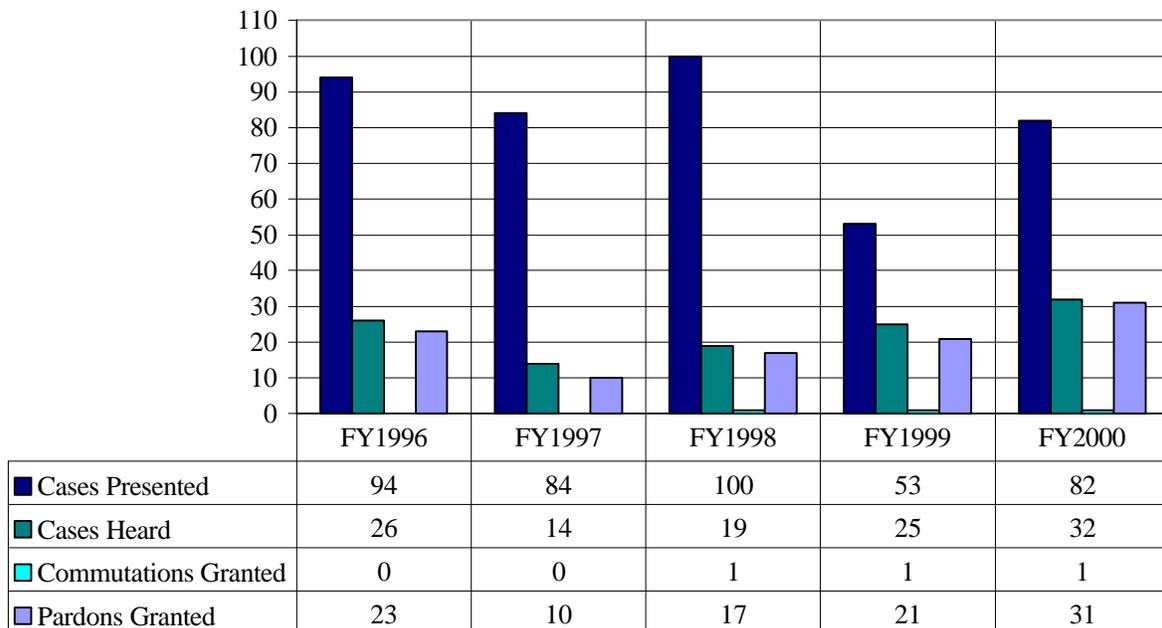

The Nebraska Department of Correctional Services provides support to the Boards for most of the personnel, financial, and budgetary duties.

**NEBRASKA BOARD OF PARDONS AND BOARD OF PAROLE
REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL
REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

We have audited the financial statements of the Nebraska Board of Pardons and Board of Parole as of and for the year ended June 30, 2000, and have issued our report thereon dated September 14, 2000. The report notes the financial statements were prepared on the basis of cash receipts and disbursements and was modified to emphasize that the financial statements present only the funds of the Nebraska Board of Pardons and Board of Parole. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Nebraska Board of Pardons and Board of Parole's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Nebraska Board of Pardons and Board of Parole's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the

design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the agency, the appropriate Federal and regulatory agencies and citizens of the State of Nebraska and is not intended to be and should not be used by anyone other than these specified parties.
