NEBRASKA DEPARTMENT OF REVENUE
CHARITABLE GAMING INVESTIGATION PETTY CASH FUND

BACKGROUND

The Charitable Gaming Division of the Nebraska Department of Revenue was established in 1986 to regulate charitable gaming activities in Nebraska. Charitable gaming activities include bingo, lottery by pickle card, nonprofit lotteries and raffles, county, city, and village lotteries (keno), and gift enterprises.

The Charitable Gaming Investigation Petty Cash Fund (Petty Cash Fund) was established by Neb. Rev. Stat. Section 9-1,105, R.R.S. 1997. The Petty Cash Fund is used to purchase information and evidence relating to charitable gaming violations, to pay charges associated with attending a bingo event for the purpose of obtaining information relating to charitable gaming violations (including the purchase of food and beverages), and to pay charges associated with gathering information pertaining to investigations of charitable gaming violations.

MISSION STATEMENT

The Charitable Gaming Division's mission is to oversee all charitable gaming activities to ensure fair play, to collect the gaming revenues owed to the state, to prevent potential undesirable organizations or individuals from engaging in gaming activities, and to provide information to the public on what is required to conduct a legal gaming activity.

INDEPENDENT AUDITORS' REPORT

We have audited the financial statement of the Nebraska Department of Revenue - Charitable Gaming Investigation Petty Cash Fund as of and for the fiscal year ended June 30, 2000, as listed in the Table of Contents. The financial statement is the responsibility of the Division's management. Our responsibility is to express an opinion on the financial statement based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the financial statement was prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Also as discussed in Note 1, the financial statement presents only the Nebraska Department of Revenue - Charitable Gaming Investigation Petty Cash Fund, and is not intended to present fairly the fund balances and the receipts and disbursements of the State of Nebraska in conformity with the cash receipts and disbursements basis of accounting.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the fund balances of the Nebraska Department of Revenue - Charitable Gaming Investigation Petty Cash Fund as of June 30, 2000, and the receipts and disbursements for the fiscal year then ended, on the basis of accounting described in Note 1.

In accordance with Government Auditing Standards, we have also issued our report dated August 9, 2000, on our consideration of the Nebraska Department of Revenue - Charitable Gaming Investigation Petty Cash Fund's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. The report on compliance and on internal control over financial reporting is an integral part of a Government Auditing Standards audit and should be considered in conjunction with the report on the Financial Statements.

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL
REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

We have audited the financial statement of the Nebraska Department of Revenue - Charitable Gaming Investigation Petty Cash Fund as of and for the year ended June 30, 2000, and have issued our report thereon dated August 9, 2000. The report notes the financial statement was prepared on the basis of cash receipts and disbursements and was modified to emphasize that the financial statement presents only the funds of the Nebraska Department of Revenue - Charitable Gaming Investigation Petty Cash Fund. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Nebraska Department of Revenue - Charitable Gaming Investigation Petty Cash Fund's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Nebraska Department of Revenue - Charitable Gaming Investigation Petty Cash Fund's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the

financial statement and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the agency, the appropriate Federal and regulatory agencies, and citizens of the State of Nebraska, and is not intended to be and should not be used by anyone other than these specified parties.
